### EAST MONTPELIER

Since Monday, April 10, all letters, papers, etc., passing to and from Canada must go via Montreal and there be censored before reaching their destination. It now takes the better part of a week to get returns by mail. It will surely cause a great stagnation in business while it lasts.

George Howe of Barre visited at Elmer Howland's Wednesday.

### WAITSFIELD

Funeral of Mrs. Isabelle Smith Held Wednesday.

The funeral of Mrs. Isabelle Smith was held at her late residence in South Fayston at 2 p. m. Wednesday, with interment in the family lot in Irasville cemetery. The officiating clergyman was Rev. Charles M. Redstone, recently pastor of the M. E. church and now of Johnson M. E. church. The bearers were her three sons, Ezekiah, Josiah A., and Henry Smith, and her son-in-law, Warren J. Robinson.

The funeral was attended by a large number of relatives, friends and neighbors, and the attendance, with the flowers in number and beauty, bespoke the high esteem in which Mrs. Smith was held by the community.

Mrs. Isabelle Smith was in her 89th year and was born in Fayston Oct. 6, 1827. She was one in a family of 11 children, the daughter of Joseph and Jane Somerville. On Nov. 21, 1843, she was married in Fayston to Patrick Smith, who came to America in 1836 from Crough, County Antrim, Ireland. They were the parents of 12 children, three sons and a daughter of whom survive.

Mrs. Smith was a remarkably fine appearing woman, active and vigorous, until the past year, when she began to fail in health. She had been confined to her bed about 10 weeks and 10 days before her death she had a shock, which affected her speech so the only word she could speak was "yes." The end came Sunday at 9 p. m.

Mrs. Smith is survived by three sons and one daughter, Ezekiah, Josiah A., and Henry, and Lovina, wife of Warren J. Robinson; also by eight grandchildren, Harry, Earl and Isabelle Smith, children of Ezekiah; Herbert H. and Alice B. children of J. A. Smith; Mrs. Lizzie Smith, wife of Jesse Foster of Waterbury; and daughter of the late James Smith; Mrs. Hattie Kilpatrick, wife of Wallace W. Howe, and daughter of Mrs. Louise Kilpatrick, who died Jan. 6, 1915.

Dean Smith, son of James Smith; also by Mrs. Mabel Kew, wife of Allen Flanders of Barre, who was brought up by Mrs. Smith. She is survived also by the following nephews and nieces: Mrs. Emma, wife of George N. Billings of Orange; Henry Baird of Waitsfield; Mrs. Mary Jane Crossett, wife of James Crossett of Duxbury; Mrs. Alice Somerville, wife of Arrie Smith of Waterbury; James McMillen of Duxbury; Fred Somerville of Philadelphia, Pa.; Edward Somerville of St. Johnsbury and Harold Somerville of Boston.

Those attending the funeral from out of town were Mr. and Mrs. Jesse Foster of Waterbury; Mrs. Mabel Flanders of Barre; James McMullen of Duxbury; W. J. McGladin, her cousin, of Northfield; Samuel Black of Worcester, an old friend, and Dean Smith of Seymour, Conn.

### GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once

Immediate? Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanser. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Adv.

### How to Maintain Soil Fertility Without Potash

Farmers are finding it practically impossible to secure potash, or any mixed fertilizer in which potash is found in any reasonable quantities, because of the war in Germany. One of the cheapest and best substitutes is made right here in Vermont; we refer to the raw ground bone put up by C. S. Page of Hyde Park. This material is guaranteed to be absolutely free from adulteration, and when used alone or in combination with chemicals like nitrate of soda and acid phosphate, it has a record of giving splendid results.

Send a postal to Mr. Page, with the request that he will send you free, a formula for a mixture which has been approved by the director of the Vermont experiment station, as being a very desirable "general purpose" mixture. He will also give you the cost of the ingredients, full directions for mixing, etc.—Adv.

Boston, April 21.—Mayor Curley yesterday requested Collector of the Port Edmund Billings to order the removal from wharves on the local water front of German and Austrian steamers which are tied up here as a means, he said, "of safeguarding lives and property in the event of a break in relations between the United States and Germany." The mayor explained that the request was made in view of the situation as it is known to the public; because he had not received any information not generally known.

## Garage Roofs Must Be Spark-Proof

Shingles or ordinary prepared roofings will not do. They are highly inflammable—dangerous! You need a roof upon which sparks drop dead—a roof that is fire-resisting, weatherproof, and wear-proof. We have it. This roofing is

RU-BER-OID

We can heartily recommend RU-BER-OID. Our customers use it and know that it is permanent and economical.

RU-BER-OID is not only fire-resisting, but it affords an all-year, every-sort-of-weather protection, repelling heat, cold and moisture. RU-BER-OID far outlasts cheap imitations, because its long-wearing qualities are built in. In hundreds of instances RU-BER-OID is still weatherproof after 20 years wear.

The U. S. Court of Appeals has recently enjoined imitators from using the word "Rubberoid" or any similar name as the trade name or brand of their roofing.

We sell the genuine—with the "Ru-ber-old Man" on the roll, as shown above. We have RU-BER-OID in slate gray and in distinctive Tile Red or Copper Green.

Drop in and see RU-BER-OID when you are in this neighborhood.

### Begging Space in Newspapers.

Talk about nerve. The conference committee of the railroad managers of eastern territory want anywhere from two to five columns of free publicity, and send the matter along to the newspapers without enough postage. Of course the railroads cannot afford to pay for publicity because they are so hard up, although their statements show vastly increased earnings, but they must be in harder shape than we suspected if they not only want free publicity but want a contribution from the newspapers in addition. By the way, we wonder how many newspapers in Vermont take even the trouble to open the en-

velopes of these publicity beggars? Also the Evening Argus a day or so ago ran up against a cool proposition. A party wanted about a half column publicity free and in addition wanted a man sent after the copy. Can you beat it?—Montpelier Argus.
